TRANSCRIPT GUIDE

Accreditation

Established in 2008, Colorado State University Global is regionally accredited by the Higher Learning Commission.

The Higher Learning Commission
230 South LaSalle Street, Suite 7-500
Chicago, Illinois 60604
(800) 621-7440; (312) 263-0456; Fax: (312) 263-7462

Prior to receiving independent regional accreditation on June 30, 2011, CSU Global operated under extended accreditation from the Colorado State University System campuses of CSU in Fort Collins (graduate degrees) and CSU-Pueblo (undergraduate degrees).

Admitted students starting a degree program prior to September 2011 were offered the option to continue their studies under an extended regional accreditation from CSU System campuses. The following indicator noted on the front of this transcript identifies students enrolled under extended accreditation.

Colorado State University-Pueblo online baccalaureate degree completion
program offered through CSU Global.

or

Colorado State University online master's degree program offered through CSU Global.

All other students pursue a program of study under the CSU Global independent regional accreditation.

Extended Studies

CSU Global transcribes credits from affiliates whose coursework has been reviewed and approved by CSU Global faculty members. These non-resident credits may be applied toward a degree at CSU Global. Transferability to other institutions is at the discretion of the receiving institution.

Degrees Awarded

CSU Global offers baccalaureate and graduate degree programs as well as graduate and baccalaureate certificate programs.

Unit of Credit

CSU Global offers short, intensive terms within each trimester. For all credit earned, the unit of credit is the semester hour.

GPA

Cumulative GPA is calculated by dividing quality points earned by the number of attempted hours.

Competency Based Exams (CBE)

Students have the option of earning course credits for specific content areas through the completion of a proctored exam. All exams are developed by university faculty members and are proctored through an independent organization. These non-resident credits may be applied toward an undergraduate degree at CSU Global. Transferability to other institutions is at the discretion of the receiving institution.

Self-Study Assessments (SSA)

Students have the option of earning course credits for specific content areas through the completion of proctored exams. All exams are developed by university faculty members and are proctored through an independent organization. These non-resident credits may be applied toward an undergraduate degree at CSU Global. Transferability to other institutions is at the discretion of the receiving institutions.

Prior Learning Assessment

Bachelor's level, degree seeking students have the option of earning course credits for specific content areas based on course-equivalent learning through the completion of Prior Learning Assessment (PLA). All PLA Assessments are developed by university faculty members. These non-residential credits may be applied toward an undergraduate degree at CSU Global. Transferability to other institutions is at the discretion of the receiving institution.

Transfer Credit

CSU Global accepts the following types of credit in transfer. Baccalaureate level coursework with a grade of C- or higher (or equivalent) as granted by the originating Institution. Graduate level coursework with a grade of B- or higher (or equivalent) as granted by the originating institution provided that the credits have not previously been applied to an earned degree. Transfer credit is not calculated in the cumulative grade point average.

Guaranteed Transfer (gt) Pathways

gtPathways is a set of general education courses guaranteed to transfer in Colorado. Qualifying courses are identified on the CSU Global transcript with a three-digit, alpha-numeric code at the end of the course title.

Course Numbering System

Courses numbered 100-299 are considered lower division baccalaureate. Courses numbered 300-499 are considered upper division baccalaureate. Courses numbered 500 and higher are considered graduate level. Course numbers ending with "EX" and "S" are considered credit by exam and self-study assessments. Course numbers ending with "ES" or "CE" are considered extended studies. Course numbers ending with "D" are Global Direct Courses, a non-degree seeking pathway offered by CSU Global.
